## Quarry Park Child Development Centre

The YMCA Playing to Learn curriculum is used at all YMCA Calgary Child Development Centres. This curriculum emphasises children's learning through actively engaging children throughout the day in developmentally appropriate small group, play-based experiences. Activities encompass all developmental areas and support children with school readiness and to become life-long learners. Program options include onsite enhancement activities and field trips for older children.

All children registered in YMCA Child Development Centres receive a complimentary YMCA Calgary Child Membership. This membership provides access to YMCA facilities and registered program discounts.

### **Quarry Park Child Development Centre**

Space is available within the centre for staff to meet, collaboratively plan and participate in training. This ensures our staff team is able to further their own development in service to ensure all children have a positive YMCA Child Care experience including learning, social and health benefits.

The building's design has inspired their educators to develop and facilitate discovery and play-based learning activities to meet each child's developmental needs. Incorporating our understanding that children learn best through play, we are confident children are experiencing lots of ways to belong, grow and thrive at the Quarry Park Child Development Centre.

#### **NEW AT "THE MARKET AT QUARRY PARK":**

We love being close to both our residential and commercial neighbours and take pride that your "everyday errands" can be handled right here in the neighbourhood. From food offerings to health and beauty options to personal services, we've got you covered – and we make it all quick and easy so you can get it done over your lunch break.

And now, we invite you to try the newest additions to "the family":

#### Chopped Leaf:

This new restaurant offers a menu that includes chef designed salads and wraps, soups, sandwiches and appetizers. All the dressings and soups are Chopped Leaf recipes that focus on being natural and flavorful! The Chopped Leaf believes that everyone can live their own Chopped Life; a healthy lifestyle in whatever way they choose, combined with high quality nutritious ingredients to keep your body feeling good after you eat. http://www.choppedleaf.ca/

#### Pho Hoan Pasteur:

Pho Hoan Pasteur is a staple for when you want to eat quality, consistent Vietnamese food. A Vietnamese noodle house featuring a rich Vietnamese-style menu fully loaded with rice, noodles, and you can't go wrong with any of their pho bowls.

Dine in or take out.
